For decades and decades, American history books and school teaching, told us Christopher Columbus discovered America. What those books and teachings did not give credit to was the fact that Native Americans were already here. Native Americans truly discovered America.

It also gave little mention to the fact that Nordic explorers had travelled down the eastern coast of Canada thousands of years earlier.

Today, we celebrate Columbus Day for what it accurately is. Columbus did discover the existence of the New World for Europeans who until then, believed the world was flat and lend somewhere in the Atlantic. And, the focus is more upon discovery of the "New World", and less upon Columbus himself.

DID YOU KNOW?

You can check out items with your current school ID.

You can use D2L, Blackboard Collaborate, research, type and print reports for your classes.

You can type up your resume and fax it from the Media Center (local numbers).

We have lots of databases to show you.

Our online catalog is available 24/7 at http://browardschools.follettdestiny.com (Centers)

Get with it! The Sheridan Technical College Library Guide—save yourself “Google Time.”
